

	Topic	Detail	chaired by Steve Langston Centre Liaison Director guest attendee Jann Robinson, Chair	Action/decision
	Steve introduced himself as new Centre liaison Director	Steve explained that Centre meetings were informal, the purpose being to show transparency, encourage awareness of MSCC board and business matters	Centre secretaries and their representatives could bring suggestions and feedback to the quarterly meetings for the Board to consider or respond to.	The notes would be circulated and uploaded to the website, available to all members. Gill makes notes of salient points; this is not a decision-making meeting. Any queries or further detail would be followed up
1	Miscellany reports	Steve repeated that the request to Centres to keep word count to between 350-400 words had always been in place. Recent notices had suggested using past events for the main pages gave better visibility	Centres are welcome to use their reports to show which areas they cover, with brief details of past recent events; to advertise future activities where bookings were available, to use the space available and encourage participation by members/ guidelines are on the website with plenty of information in the Club handbook	The editor has right of editorial control if the word count is exceeded. More articles are wanted for Miscellany to encourage participation; a photo and caption could be submitted in place of a detailed article. Centre reports should only cover 2 or 3 months to keep up-to-date and ultimately should cover what suits them
2	Dinner Dance & AGM 2027	Steve asked that members are encourage4d to book early (a deposit of £50 only is required) for a weekend full of activities	Several people agreed that Hopmog put on a good do. Jann added that the AGM would be a working meeting with the opportunity to be involved. New directors are needed- those without experience will be asked to observe board meetings for a year and given support	Gill would have leaflets at the 75 th birthday weekend, and it was agreed that Centres would circulate the details supplied by Steve Rose
3	Certificate of exemption New suggestions	Jann had explained the MSUK were confident that the MSCC is a low risk club; owners drive carefully, we have driving documents with advice covering all activities	Most activities are scenic runs, therefore do not require a permit. MSUK had updated very old requirements to make it easier for groups to enjoy a drive, without timed stops, and avoid the charge for a certificate of exemption	Advice can be given by Jann, Gill or MSUK if unsure.
	memberevents notifications	Because MSUK have confident in the MSCC Jann	Details would be published in Miscellany as there were no objections by attendees to the	Instead of sending details of activities to memberevents e mail, Centre organisers

MSCC Directors: Jann Robinson, Roger Coverley, Martin Rickerd, Charles Neal, Sarah Widdowfield, Simon Drew, Steve Langston
notes by Gill Bevan, Club Manager

		suggested changing the way details for event cover is held	suggestion that Centres and driving groups take responsibility for holding contact details- this is now being worked on	would be trusted to have contact details and only contact Jann or Gill in the event of any issue for support
	MSCC Sport 27	Jann had discussed an idea with Simon Baines, Speed organiser and Sportsmog contact to encourage younger and/or new participants in competition;	The initiative would be to start with grass autotest and work up to include rallies and spider treasure hunts. This would promote events like Autosolo which only had 12 Morgans, and spotlight that this is a sports car club.	Young drivers would be mentored and sponsored. Marsh have stated that Centres are like franchises of the MSCC. Separate groups would still need to log details on members events. Full details would be published and concerns would be answered. Jann will update the driving guide document
4	Volunteers	Always needed; Centres have different ways of managing requirements, some need assistance	Direct approach can work- showing that it is not a chore but enjoyable to take part. Include new members in plans	Share ideas on the forum; use a volunteer coordinator, allocate activities to members of the Centre. Make it a welcome environment, offer support
5	Centre sec responsibilities for sharing info	Jann explained that any documents that are sent by Centres or volunteers come from part of the MSCC	There is a good deal of information in the members' area; club documents including Centre Handbook are reviewed regularly. Updates will be posted on the forum- notifications are visible without effort	Information must be correct as this is a very litigious world. Check with any Board member, Gill or the appropriate source if any details need confirming.
6	Misogyny- how to stop it	Steve explained that although there are many women in the Club, drivers or passengers, many are reluctant to get involved	Different areas and centres have varied experiences; encouragement to join in social activities initially may help. It is important to be able to drive the family Morgan in case of emergency.	Jann asked Gill to comment as safeguarding officer; we have dealt with several code of conduct issues; respect for everyone is important, we should all consider how we respond, and appear to new attendees- be welcoming
7	What MSCC can do for you and vice versa	The MSCC is made up of Centres, volunteers and members. The question of what support the Central	Steve explained that all businesses need feedback and constructive comments to move forward. The discussion between Centres on how to receive subs or payments	Assistance with social media could be given on request; the success of MSCC posts was noted. There are many groups and projects underway; these are posted

DIRECTORS Jann Robinson, Martin Rickerd, Roger Coverley, Charles Neal, Sarah Widdowfield, Simon Drew, Steve Langston

Notes recorded by Gill Bevan

	Board of Directors may need to consider is valid.	for activities was helpful; this communication can be shared on the forum for all to benefit from	as topics on the forum, and added to Whats On in Miscellany and the website events page. Suggestions welcome
AOB	Tinmog had sent a proposal to Steve for the board to consider a category of membership that allows non Morgan owners to stay within the Centre with reduced fees.	The paper would be shared and discussed but reassigning the associate membership was not possible as requested previously. Other Centres/ reps commented with differing opinions.	Steve would circulate the latest paper. The Chair would consider other options. Retaining members is of course vital
	The Fellmog representative claimed that the MSCC has dropped support of owners of classic Morgans, following MMC	Steve responded first that he has been an owner for 19 years with the same Morgan and never felt excluded. Many members upgrade their Morgans and all new & classic models are welcomed by the MSCC. Even Aeros and 3 wheelers!	If anyone has a perception of something not being addressed within their Centre or the Central club please check your facts before spreading rumours and ask some questions. MMC have a heritage section and several specialists as well as dealers who happily sell any Morgan
attendees		17 Centres represented
